About the City of Somers Point

The City of Somers Point is the oldest settlement in Atlantic County, dating back to 1693. This four-square mile attractive town is located in the eastern portion of Atlantic County in what was once known as Great Egg Harbor and was first incorporated as a borough in 1886.

Somers Point's tagline – "The Shore Starts Here" – lets visitors, homebuyers and business owners know that whether they're looking to live, work or play at the shore, Somers Point is the ideal place to start. Somers Point is primarily a residential community with a relatively large proportion of its residents employed in professional services or executive positions in Somers Point and neighboring communities. Because of Somers Point's location on the Great Egg Harbor River bayfront, it is known for its marinas, boating, and fine restaurants. Somers Point also has a vast variety of small and large shops and businesses located throughout the community.
